Portfolio

About us

La Luce is a unique supplier of quality commercial, industrial and architectural lighting equipment.

We proudly supply leading European architectural lighting brands, state of the art LED technologies and sustainable lighting solutions.

Our wide range of product gives you the best answer for your projects.

The relationships we build and how we manage them is what sets us apart from other suppliers. We take a partnering approach to projects.

By developing relationships with clients, designers and other stakeholders to better understand their goals. We are able to identify optimal solutions for both your project and our clients business.

Our vision

NIMBLE

The flexibility to create new products or to embrace new technologies to meet the demands of our clients.

UNIQUE

We do not follow traditional methods or processes.

CREATIVE

Lighting is not just a way to see in the dark. Lighting creates mood, it expels feelings and emotion. Creative lighting is what makes a space special.

LOYAL

This is what sets Experience La Luce apart from our competitors. It is about understanding our client's business and how they operate.
